

A blue silhouette of an adult standing on the left, holding the right hand of a smaller child standing on the right. The adult is wearing a long-sleeved shirt and shorts, while the child is wearing a t-shirt and shorts. The background is a light blue gradient with a dark blue and purple curved border at the top.

ONESOURCE™
TREATMENT SUPPORT

**Personalized support—
every step of the way**

Welcome to **ONESOURCE**[™]

As part of Alexion's commitment to people who are living with rare diseases, we created OneSource[™], a program staffed by Alexion nurse case managers who are registered nurses with healthcare and insurance experience.

OneSource: support designed just for you

Whether you want to learn more about your disease, are considering treatment options prescribed by your physician, or are already receiving treatment, OneSource is here to help.

After signing up, you'll be matched with a dedicated Alexion nurse case manager who can help answer questions about your treatment or disease.

Education and tools to help with your disease and treatment

Connections with other people living with your rare disease

Information on co-pay support and financial assistance programs

Alexion Access Foundation for those without insurance

Treatment support from dedicated Alexion nurse case managers

Some people may only be eligible for certain services. Your Alexion nurse case manager can help determine which services are right for you.

Call 1-888-765-4747 to enroll in OneSource today.

Education

Alexion nurse case managers work with people with rare diseases every day. They can answer questions about your disease or treatment, and send you useful educational tools and resources.

Shared connections

OneSource brings people living with rare diseases together. If you want to speak with someone who knows what you are going through, Alexion nurse case managers can put you in touch with other people living with your rare disease.

Financial assistance and funding options

OneSource can help navigate your treatment funding. Call your Alexion nurse case manager at 1-888-765-4747 for information regarding financial assistance, co-pay programs,

and the Alexion Access Foundation, which can provide treatment to people without access to insurance. Alexion nurse case managers can assist with insurance issues and help you find solutions to maintain continuous care. Some people may only be eligible for certain services.

Treatment support

If you and your doctor decide that treatment is right for you, an Alexion nurse case manager can tell you what to expect and help you navigate life's challenges. Whether you are relocating, traveling, or going away to college, Alexion nurse case managers will help you get the treatment support you need.

Remember, your doctor is still the best person to turn to when deciding if treatment is right for you. Only your doctor can decide how to best monitor and manage your disease.

OneSource™: support designed just for you

Whether you are simply learning more about your disease, exploring treatment options, getting ready to begin therapy, or are currently being treated, an Alexion nurse case manager can provide personalized support to you and your healthcare team—every step of the way.
